Merger update

Merger implementation timeline

TPG Telecom Group pro forma 1H20 results

- The merger of TPG Telecom Limited (formerly VHA) and TPG Corporation Limited (formerly TPG Telecom Limited) became effective for accounting purposes following court approval on 26 June 2020.
- The merger implementation date was 13 July 2020.
- The Group's statutory income statement for 1H20 includes a full six months results of the company formerly known as VHA but only four days from TPG Corporation (the company formerly known as TPG Telecom).
- The Group's statutory balance sheet at 30 June 2020 includes TPG Corporation's assets and liabilities but is not fully reflective of the Group's balance sheet upon merger implementation due to significant restructuring steps that occurred between 30 June 2020 and the merger implementation date.

TPG Telecom Group 1H20 financial highlights

\$m	Reported	Pro forma**	Note
Revenue	1,540	2,712	1
EBITDA	531	918

Net Debt*	8,748	4,557	2

Note 1

- The merger of TPG Telecom Limited (formerly VHA) and TPG Corporation Limited (formerly TPG Telecom Limited) became effective for accounting purposes following court approval on 26 June 2020.
- The Group's statutory income statement for 1H20 includes a full six months' results of the company formerly known as VHA but only four days from TPG Corporation (the company formerly known as TPG Telecom).
- Therefore, alongside the statutory 'reported' results, pro forma results are also provided to simulate what the Group's 1H20 results would have been if the merger had taken effect from the start of the half-year.
- A reconciliation of the reported to pro forma income statement is set out on slides 10 to 13.

Note 2

- As key pre-merger implementation steps, including debt restructuring, were not completed until 13 July 2020, a pro forma balance sheet is also provided to simulate what the Group's 30 June 2020 balance sheet (and particularly its net debt) would have been if the merger implementation steps had been completed by 30 June 2020.
- A reconciliation of the reported to pro forma balance sheet is set out on slide 9.

*Net Debt defined as borrowings less cash.

** Refer to pro forma income statement on slide 13 and pro forma balance sheet on slide 9.

TPG Telecom (VHA) underlying EBITDA bridge

1H20 EBITDA

- Adversely impacted by mobile subscriber and ARPU movements (refer slides 23-24) and COVID (refer slides 20-21)

Other growth

- Driven by opex savings, improved device margin and fixed broadband growth

Notes

EBITDA is presented on a post AASB16 basis.

COVID: Vodafone helping customers stay connected

Free unlimited national calls and sms

Bonus data for customers

Substantial reduction in data overage charges

Two months' free mobile service for registered health practitioners

Suspension of late payment fees, collection activities

\$10 Stay Connected Cap Plan

TPG Telecom (VHA) COVID impacts

Affected Areas	Impact to-date	Outlook
Roaming (inbound + outbound)	~80% reduction in margin contribution from April to June compared with prior year	Anticipate impact to continue for at least the rest of the year
Connections	~30% lower prepaid and ~20% lower postpaid connections due to decline in international visitors from April to June	Anticipate impact to continue for at least the rest of the year
Contact centres	Significantly reduced operations in March and April due to India lockdown, leading to reduced service availability and sales	Full service resumed but anticipate modest increase in operating costs while pandemic is ongoing
Retail stores	One third of stores temporarily closed from April to June impacting sales	Stores re-opened but lower retail traffic anticipated. Further temporary store closures also likely in response to the evolving situation
Customer support initiatives	Reduced ARPU due to extra data, free national voice calls & SMS, and the \$10 'Stay Connected' financial hardship plan	\$10 financial hardship plan continues to be available to customers experiencing financial difficulties during pandemic
Suspension of late payment fees and collection activities	100% of late payments fees paused from April to June	Special assistance continues to be available to customers experiencing financial difficulties

Notes

For purposes of comparison with the 'BAU' EBITDA guidance provided by TPG Corporation on 5 March 2020, the underlying income statement for the 11 months to 30 June 2020 is presented in a manner consistent with that guidance in that it (a) excludes any contribution from Tuas Limited (TPG Singapore), (b) excludes any Australian mobile network opex and (c) excludes merger related expenses. One minor difference in the presentation of the underlying results for the 6 months to 30 June 2020 (1H20) is that Australian mobile opex (\$3.1m for the 6 months) has not been excluded as it will form part of the ordinary business of the Group post merger.

EBITDA for 1H20 and 1H19 is presented on a post AASB16 basis (1H19 re-stated for comparative purposes as if AASB16 had been adopted for that period).

1H20 represents the six months ended 30 June 2020.

1H19 represents the six months ended 31 July 2019 (i.e. the 2nd half of TPG Corporation's FY19 financial year).

EBITDA for all periods excludes Tuas Limited (TPG Singapore) and merger related expenses.

TPG Corporation (TPM) underlying EBITDA bridge

- Headwinds continue from migration of DSL customers to less profitable NBN services
- 'Other growth' driven by opex savings as well as Corporate Division and FTTB growth
- No material financial impact to-date from COVID on fixed broadband business

Notes

1H20 represents the six months ended 30 June 2020.

1H19 represents the six months ended 31 July 2019 (i.e. the 2nd half of TPG Corporation's FY19 financial year).

EBITDA for both periods is presented on a post AASB16 basis (1H19 re-stated for comparative purposes as if AASB16 had been adopted for that period).

EBITDA for both periods excludes Tuas Limited (TPG Singapore) and merger related expenses.
